COSTA NOVA PROFESSIONAL — HOSPITALITY MANIFESTO

COSTA NOVA PROFESSIONAL — AROUND THE WORLD

Crafting beautiful dining experiences

Unique tabletop creations

Our love for life, family, friends, and healthy food has inspired us to create fine stoneware collections that combine quality and design with the best in ceramic craftsmanship. We produce innovative and sustainable stoneware, made from the best natural resources in Portugal.

As a chef or restauranteur, you take pride in crafting unique dishes that reflect your personality and style. The presentation of your culinary creations says as much about you as the food itself. At COSTA NOVA, we understand this and take pride in curating tabletop collections that are as unique as they are beautiful and functional. Our collections are designed for restaurants that appreciate innovative tabletop solutions. Our European handcrafted stoneware products combine enticing design, functionality, and durability to make COSTA NOVA a unique brand in the hospitality industry.

As seen in the most beautiful clubs, hotels and restaurants, COSTA NOVA offers a variety of styles that fit formal and casual environments.

8 COSTA NOVA PROFESSIONAL — SUSTAINABILITY COSTA NOVA PROFESSIONAL — SUSTAINABILITY

Sustainable stoneware Sustainable industry

«One of the key-decisions that Chefs, hotels, and restaurants can make is to source from suppliers with a strong commitment towards protecting the environment.»

(Miguel Casal, Founder and CEO at COSTA NOVA)

At COSTA NOVA we are committed to making stoneware more sustainable.

Our products are guaranteed to be eco-friendly, reusable, and recyclable. They are crafted with non-toxic, lead-free materials.

We manufacture in Portugal, using the best local natural resources, which minimizes our ecological footprint. Our single-fired production saves energy and reduces emissions into the atmosphere. We save water, carefully treating and reusing it for internal cleaning processes or reintroducing it in our production processes. In addition, we reuse the heat from our kilns to other equipment.

Our original formula results in a unique ceramic body with a special bonding between the clay and the glazed surface, making our products more durable – as they are resistant to both thermal and mechanical shocks. This means our stoneware doesn't chip or scratch easily, and it can withstand high temperatures. It also means it has a longer lifespan, compared to more fragile ceramics, reducing the frequency of replacement and the associated resource consumption.

10 COSTA NOVA PROFESSIONAL — SUSTAINABILITY COSTA NOVA PROFESSIONAL — SUSTAINABILITY

Eco-design

Our designers play a key role in promoting sustainability in stoneware manufacturing. We minimize the environmental impact of our products by considering form, ergonomics, aesthetics, and durability, while optimizing the use of resources like clay, glaze, energy, and water. All products are made to be eco-friendly, reusable, and recyclable, with minimal waste during production.

Packaging

Our packaging is 100% plastic-free and recyclable, using only non-hazardous dyes. To reduce waste, we developed Ecocard, made from crushed internal cardboard waste, used in 15% of our boxes. All our boxes are FSC certified (75% recycled cardboard), sealed with recycled paper tape, and designed to be reusable.

Ethical business practices

We are committed to high ethical standards across all operations, ensuring full compliance with EU regulations. Regular audits, conducted by both official regulators and independent auditors, verify these standards. We also ensure that all employees receive fair wages above the required minimum.

Ecogres®

From the earth, for the Earth

At COSTA NOVA we are committed to making stoneware even more sustainable. In partnership with the University of Aveiro (Portugal), we developed Ecogres®, a new raw material created by collecting, recycling, and reusing clays and glazes from our operations, along with waste materials from nearby industries.

The result is Ecogres® (ecogres), a reinvented clay made entirely from recycled materials.

Energy efficiency

At COSTA NOVA, we prioritize energy efficiency by harnessing 1180 kW of solar power, enabling our newest factory to run entirely on self-generated energy during daylight. Our other factories use solar and renewable sources. Our kilns are 15% more efficient than the most energy-efficient models, thanks to our closed-circuit system that reuses heat. Additionally, our single-firing process reduces energy consumption and CO2 emissions, and we lead Europe by testing hydrogen-powered firing for utility ceramics.

Waste management

The waste we generate is mindfully managed. 99% of our waste is either recycled or reused within our production process. We transform excess materials into new products and recycle waste from our factories back into new stoneware. With Ecogres®, we created a new material made from recycled clays and glazes, as well as waste materials from nearby industries.

Water treatment

In addition to our reducing consumption practices, 100% of our water is carefully treated and reused for internal cleaning processes or reintroduced in our production process. Each one of our four factories is equipped with an industrial wastewater treatment plant, complying with EU standards.

Our high performance collections combine rims with a high degree of chip resistance and glazes that prevent metal marking.

distinctive design

Our more unique collections are suitable for all hospitality environments yet require a higher degree of handling.

Collections from page 142 to 261.

Meet the designers

Carsten Gollnick

Born in 1966 in Germany, Carsten Gollnick has been running his own design studio just outside Berlin since 1997. Although he once considered becoming a chef, his passion for creativity led him down a different path, one that has since shaped his reputation as a celebrated designer. Gollnick's work is driven by a deep respect for what he calls the "culture of things," where every material has a story, and attention is paid not just to how objects are made, but to the people behind their creation and those who will ultimately hold them. Inspired by nature and its quiet beauty, Gollnick finds a unique balance between function and elegance in everything he designs. His portfolio is incredibly diverse, ranging from writing instruments and lamps to interiors and showrooms. He designed the Nótos, Âmbar, Coastland, Resonance, and ESCADA collections.

Torres Euracini

A Portuguese designer, born near the Atlantic, in Póvoa de Varzim, with decades of experience in the ceramics industry and a global portfolio of impactful creations. With a degree in Industrial Design from the School of Arts and Design in Caldas da Rainha (Portugal) and specialized training in ceramics, he began his career in the mid-90s. Over two decades later, his designs are found across the globe, bringing joy and functionality to people's lives. For Torres, the greatest reward is knowing that his pieces are loved and used by so many. His work has contributed to the transformation of the ceramics sector, with focus on innovation, creativity, and sustainability. His inspiration led to the creation of the Roda and Redonda collections.

Christian Tortu

Christian Tortu is a renowned French designer with a deep-rooted love for nature. His journey began in his parents' garden in the Anjou region of France, where he first discovered the beauty of the untamed, natural world. When he moved to Paris, he felt something was missing in the city's meticulously planned parks: real, wild nature. This realization drove him to create designs that captured the freedom and raw beauty of the natural world, much like the landscapes of his childhood. Tortu's work invites people to experience nature in a new way, where plants and flowers are not just objects but living, breathing elements that bring softness and beauty to life. His floral arrangements and scenography have been celebrated globally, from the Cannes Film Festival to fashion shows for Chanel, Dior, and Valentino. Riviera and Marrakesh are among his creations.

PORCELAIN

resonance

carsten golfnick

Resonance, designed by Carsten Gollnick, merges porcelain and stoneware in a harmonious collection that invites you to push the boundaries of table setting creativity. Soft and smooth textures, waving patterns, and innovative shapes make this collection perfect for mix and match.

«Both materials have their own aesthetic and functional qualities. Both materials are assigned very different characteristics and attributes. In the design, I therefore tried to reconcile or harmonize the two material qualities of porcelain and ceramics. My wish was to support each of these individual and "personal" qualities of ceramics and porcelain and not to level them or make them the same.»

Brushed rim hand applied.

Dinnerware and oven-to-table pieces.

High resistance to chipping.

Sensory Experiences

âmbar carsten gollnick

Âmbar strikes a balance between artisanal beauty and the high performance that chefs demand, a perfect canvas for today's sustainable food stories. The material ecogres is both an aesthetic statement and a sustainability highlight.

«Âmbar is a tribute to the circular shapes and soft contours of nature. My first inspiration was stone and ring shapes as found in nature. Amber always has a transparent outer body and inclusions and precious round objects inside. In my design process, I developed a language of forms in which sensual, circular outer contours and edges, concentric and irregular, are arranged in conjunction with each other. This results in exciting relief surfaces that go beyond the familiar.»

NEW 2025

ESCADA carsten gollnick

Designed by Carsten Gollnick for hosts who want to offer their guests a distinctive aesthetic experience during buffets, going beyond gastronomic quality. A cork staircase serves as the collection's core, enabling flexible stacking of stoneware elements for innovative presentations. Tilting and positioning these elements vertically allows for the creation of striking backgrounds and visual depth. ESCADA is designed to offer multiple presentation solutions in terms of height and depth. The various flat and staircase-shaped stoneware pieces can be stacked and positioned freely.

«ESCADA is a versatile buffet collection for hotels, inspired by the architectural building traditions of the cities and the wide horizons of the Portuguese countryside. Regional materials that reflect the history of Portuguese artisan culture and nature are an integral part of the concept.»

PEARL

The Pearl collection was inspired by the richness of the 18th and 19th century European ceramics. Round shapes with highly resistant beads were reinvented to create a new classic concept, that is, at the same time very contemporary and versatile. The combination of Pearl items creates a sophisticated event setting. Its dinnerware impacts purely by its appearance, but it is also its global outstanding performance that should be highlighted.

FREEZER SAFF

RODA Tones Emacini

Roda is a simple yet significant collection by Torres Euracini. Its organic lines and exceptional glaze finish make it stand out in professional settings. Designed for adaptability and efficiency, each piece offers the freedom to create minimalist and versatile presentations. Inspired by the Latin word "rota," meaning circular movement, "Roda" symbolizes unity. It reflects the idea of bringing people together at the table to share flavors, experiences, and stories in a circle of connection and joy.

«The visual range of RODA offers a broad variety of possibilities to play with the best flavors of all seasons, masterfully created by the artists of fine dining and subtle taste.»

Features and Benefits

Roda collection

Designed by Portuguese stoneware expert Torres Euracini.

Versatile, durable, and a perfect blend of style and strength.

Rolled edges enhance chip resistance.

Stackable shapes for easy storage.

Beautiful reactive glaze finish in four colors.

Sensory Experiences

ROSA

Rosa's design, marked by delicate cutouts and graceful silhouettes, evokes a sense of contemporary casual elegance, all meticulously achieved through a manual process. The collection's hand-painted rim and flowing edges breathe fresh life into timeless elements, bringing a touch of pure and simple nostalgia to your dining experiences. Each tableware piece captures preserved memories that enchant and inspire, creating a timeless ambiance at every gathering.

Features and Benefits

Rosa collection

Perfect for mix and match with other collections anywhere.

Hand painted rim.

Ideal for weddings and other events.

Sensory Experiences

SARDEGNA

Sardegna reflects the artistry of handcrafted pottery. The collection includes a range of dinnerware, serveware, and accessories, available in two distinct finishes: a simple, classic glaze and an Italy vintage-inspired pattern. Each piece is hand-finished with a rustic glaze around the rim, adding a unique, artisanal touch that enhances its charm.

Sardegna collection

Features and Benefits

Reflects the artistic stye of handmade pottery.

Amazingly durable and resistant, but lightweight and easy to handle.

The edge line highlights each culinary presentation, creating a focus on the food.

Sensory Experiences

VERMONT

Mixing the identities of handicrafts and urban cosmopolitanism created the Vermont collection. Pure geometry distinguishes its young contemporary look from others and gives the collection an undeniable versatility. A robust look, with strong edges for a perfect resistance to impact, makes this collection the perfect choice for busy environments.

_coastland carsten gollnick

This collection is designed to offer creative combinations for professionals. Tall plates can double as lids, while wooden cutting boards become plates or covers for bowls. Flat plates paired with matching wooden ones create new ways to present casual dining dishes. These combinations open fresh possibilities, like bento-style setups, aperitif presentations, relaxed brunches, and sharing experiences.

«Coastland was inspired by the aesthetics of landscapes between sea and land. The material aesthetic responds to the material beauty of the coasts, beaches, and dune landscapes. The magical area in between, full of soft natural colors, nuances, and strong contrasts. Between the vastness of the sky above the sea and the intense beauty of the hinterland. An imaginary walk from the sea to the land.»

0 COSTA NOVA PROFESSIONAL — GRESPRESSO COLLECTION COSTA NOVA PROFESSIONAL — GRESPRESSO COLLECTION

Grespresso collection

«At COSTA NOVA, we understand the importance of creating memorable experiences in hospitality, where coffee often takes center stage.»

(Miguel Casal, Founder and CEO at COSTA NOVA)

COSTA NOVA's Grespresso collection was designed to elevate the coffee experience, offering a diverse selection of sizes, colors, textures, and styles. These cups, crafted intentionally without handles, are perfect for serving the world's favorite beverage. But beyond their main purpose, the Grespresso collection proves its versatility.

Thanks to its design and range of options, these cups are ideal for professional settings, easily adapting to serve multiple functions. Whether used for espresso shots, small desserts, or unique presentations, they go beyond coffee service.

First introduced in 2018, the Grespresso collection expanded in 2022 with Grespresso Ecogres, incorporating eco-friendly materials. We are now excited to broaden the collection further, offering more colors, materials, and designs - ensuring your service is not only visually appealing but also environmentally conscious.

distinctive design

GRESPRESSO

The Grespresso collection draws inspiration from the rhythmic flow of ocean waves, boldly brought to life through a captivating reactive glaze adorning the edges of each cup. This range boasts an impressive palette of eleven colors, ranging from the serene soft pink to the bold and vibrant red, as well as the timeless sophistication of black. These colors are carefully curated to infuse your daily coffee service with a distinctive sense of energy and beauty.

COSTA NOVA PROFESSIONAL — GRESPRESSO COLLECTION

World of Coffee

GRESPRESSO ECOGRES

Made of recycled stoneware, Grespresso Ecogres presents itself as a sensorial and sustainable collection of espresso cups. Inspired by World's craft and cultures, the hand-finished patterns featured on each cup emphasize the tactile and artistic nature of the collection. This collection not only pays tribute to coffee's history but also aligns with our sustainability commitment. In an era where global coffee consumption is on the rise, we place a growing emphasis on making it more environmentally responsible.

GRESPRESSO NATURE

This eco-friendly trio of coffee cups was designed with sustainability in mind. Grespresso Nature features three espresso cups and three lungo cups, each beautifully presented in three colors. What sets these cups apart is their unique combination of unglazed and glazed surfaces. Two of these cups are made of ecogres, while the third is made from stoneware, recognized as one of the most sustainable ceramics globally.

Features and Benefits

Grespresso collection

Various cup sizes allow for a range of uses beyond just coffee.

Durable stoneware built for daily professional use.

Excellent heat retention for longer-lasting hot beverages.

Designed for cafes, buffets, and restaurants.

STONEWARE

MARRAKESH

Christian Tortu

Designed by French floral artist Christian Tortu, the Marrakesh collection harmoniously blends sustainable craftsmanship, nature's essence, and Moroccan mystique. Inspired by the enchantment of the Majorelle Gardens, the collection's delicate floral forms invite diners on a sensory journey. Infused with the vibrancy of Moroccan markets, the distinctive interplay of speckled glazes and sandy, unglazed textures adds a unique touch to your culinary creations. Made of ecogres, Marrakesh isn't just an aesthetic choice; it's an invitation to showcase your dedication to sustainability.

«My inspiration comes from everything I've worked on before. It's all about the beauty of gardens and nature. It feels like a journey, crossing the Mediterranean to Morocco. The shapes are traditional, but they're also influenced by the fluidity of water and the grace of eucalyptus trees.»

Floral and leaf-shaped pieces for impactful food presentation.

Sensory Experiences

STONEWARE

METAL

EAN WITH

[nótos] carsten gollnick

Nótos is a complete, vital hotelware programme great for multiple applications. This signature collection presents a large selection of stoneware items that can be combined with metal, beechwood and cork accessories. With a sophisticated design, Nótos is the ideal choice for different food styles, from casual to fine dining.

«I paid particular attention to the design of the bowls, which are ideal vessels for me in the border area between cooking, serving and eating. The addition of cork, used here in a dark smoked finish, was intended to complement the functional advantages of the material and also to build a 'design bridge' to the material and product culture of Portugal. My secret wish was to promote and support the culture of cooking, eating and communicating together at the dining table through the versatility and aesthetics of the NÓTOS collection. For me, this is what culture at the table means.»

Features and Benefits

Riviera collection

A signature collection by Christian Tortu.

Floral and Leaf shaped pieces that create outstanding tables.

The botanical inspiration concedes any space a natural and brighten ambiance.

Sensory Experiences

STONEWARE

STACKED ORGANIC

Explore the functionality and beauty of Stacked Organic. Crafted from ecogres, COSTA NOVA's recycled clay, it pays tribute to environmental responsibility while enhancing your dining offerings. The collection's natural, organic shapes draw inspiration from the world around us. Elevate your restaurant's aesthetic with a choice of five modern colors. Each piece features a meticulously hand-finish exposed clay rim, embraced by smooth matte glazes.

MORE ABOUT THE COLLECTION

322 COSTA NOVA PROFESSIONAL — USE & CARE COSTA NOVA PROFESSIONAL — USE & CARE 323

FINE STONEWARE

Not all stoneware is created equally. In fact, there is not a standard, universal definition of stoneware and the word is frequently misused to describe other ceramic products.

At our factories in Portugal, the ancient skills of modeling and decorating are combined with modern technology in a special process that produces high-quality fine stoneware products capable of withstanding everyday use over many years. Manufactured in a single firing system heated up to 1180°C (2160°F) our stoneware is very strong and durable. Its glazed surface is fully vitrified which gives it high resistance to both thermal and mechanical shock.

Oven, freezer and microwave safe

All pieces manufactured in fine stoneware have high thermal shock resistance, withstanding temperature variations between -20°C and 250°C (0°F to 500°F). The maximum thermal variation advised is 180°C (350°F). All stoneware products can be safely used in the oven, microwave, and freezer.

Recommendations:

- Avoid placing pieces straight from the oven on a cold surface.
- Do not use stoneware over a direct flame.
- Avoid using products with **craquelé surfaces*** in the oven or freezer (e.g., Cristal
- Nacar, Madeira, Riviera and Elements Algarve).

*Craquelé glaze is always reactive.

Dishwasher safe

All our pieces are easy to clean and can withstand abrasive cleaners due to their high durability and low porosity. Most items are dishwasher safe for daily use.

Recommendations:

- Assure items don't rub or bump against each other in the dishwasher.
- Hand wash oversized or delicate pieces.
- * PVD gold-coated (Riviera) stoneware items: Not safe for oven, microwave, or freezer. Hand washing is advised.
 *Lagoa metal's glaze should be protected

by avoiding prolonged contact with acidic foods.

*Nótos' Mill is not dishwasher safe.

Food safe

All COSTA NOVA products meet international standards, including those set by the U.S. Food and Drug Administration (FDA) for lead and cadmium, securing they are safe for food use.

Craftsmanship

All COSTA NOVA fine stoneware products are hand-finished, giving them a unique character. Any irregularities, color variations, or small imperfections are signs of authenticity.

FLATWARE

Made from high-quality stainless steel (18/10), all COSTA NOVA flatware collections are crafted for exceptional durability and suitable for everyday use. To maintain the original qualities, we advise some extra care:

- Remove food residues after each use to avoid prolonged contact.
- For manual washing, use hot water, neutral detergent, and a soft cloth or spanne
- Do not use abrasive or mechanical aggressive agents.
- Place cutlery in the dishwasher's basket or tray, keeping knives separate from other pieces
- After each dishwasher cycle, dry cutlery with a soft cloth.
- Pay special attention to knives, especially hollow-handle knives, as they are sharper and more prone to oxidation. Dry them thoroughly after washing.
- To restore shine and remove stains, use a soft cloth with a few drops of lemon juice.
- Special materials like Fibber/Resin or PVD should only be washed in the dishwasher, following specific instructions: use temperatures no higher than 60°C/140°F and a detergent with less than 10% phosphates.
- Keep flatware in a dry place.
- Rehydrate resin handles with a moisturizing cream.
- * Steak/Cheese Knives: Dishwashing is not recommended for knives with wood handles. Wash by hand with a non-abrasive sponge and dry with a soft towel to prevent corrosion or spots.

GLASSWARE

COSTA NOVA glassware collections are made from either machine-made glass or handmade glass. Wine glasses, water glasses, and tumblers are dishwasher safe, but hand washing will extend their lifespan. To maintain the original qualities, we advise some extra care:

- Before dishwashing, rinse glasses in lukewarm water to remove any residues.
- In the dishwasher place glasses in the appropriate rack to avoid scratches. Set the dishwasher to 65°C (140°F) for washing, with a rinsing phase at 65°C (149°F), and a cycle of 90/120 seconds. Use the correct amount of brightener; too much can cause iridescence, and too little can leave water marks. After the wash, open the dishwasher door slightly for 5-10 minutes to let steam escape and prevent halos on the glass due to condensation.
- Hand washing: wash glasses individually with a non-abrasive detergent, warm water, and a soft sponge or cloth.
- · For drying use a microfiber cloth.

*For oversized and delicate items (decanters, glass domes), hand washing is recommended.

LINENS

Made in Portugal from high-quality natural fibers, our linen collections are easy to use and care for. They can be machine washed and ironed according to each fabric's specifications.

BIO-BASED FAUX LEATHER

Contains 30% renewable plant-based content and incorporates copper nanoparticles with antibacterial properties.

LEATHER

Handcrafted in Portugal, our leather accessories are vegetable-tanned using one of the oldest and most eco-friendly methods. This process results in durable leather that ages beautifully over time. To maintain the original qualities, we advise some extra care:

- Wipe clean with a damp cloth.
- For maintenance, occasionally rub with appropriate oil.

CORK & CORK/RECYCLED EVA

COSTA NOVA cork collections are crafted from either 100% cork (Cork, Nótos and Redonda collections) or a blend of 20% cork and 80% recycled EVA (Plano collection). Cork acts as a natural insulator, retaining temperature, while recycled EVA is an ecofriendly material made from production waste. To maintain the original qualities, we advise some extra care:

- For daily cleaning, use a soft, dry cloth to remove impurities.
- When needed, use a moistened cloth, but do not soak.
 Store away from sunlight, moisture, and
- heat sources.
- Avoid strong alkalis, as they can dissolve cork.
- Although food contact is safe, avoid smoke odor and taste transfer.
- Do not place food directly on the surface.

WOOD

COSTA NOVA wooden accessories are handcrafted in Portugal from premium quality woods. Natural variations in tone and grain make each piece unique. To maintain the original qualities, we advise some extra care:

- · Handwashing is recommended.
- Wipe wood pieces with a damp cloth; do not soak.
- Use mild dish detergent when necessary.
 To maintain the wood's original qualities, before first use rub with food-safe mineral
- Use boards and boxes for dry food only.
- Re-treat wooden items over time with food-safe wax or oil. Avoid scented oils, as it can go rancid. Walnut oil, flaxseed, coconut oil, and linseed oil are good options. Additional care:
- Never place wooden accessories in the dishwasher or leave them soaking in water.
 If edges become fuzzy after contact with water, lightly sand with fine-grit sandpaper and moisturize with wood oil or wax.

OTHERS

- 1. **Metal:** Clean with a moistened cloth when necessary; dry immediately after cleaning to prevent moisture damage.
- 2. **Horn napkin rings:** Clean with a moistened cloth.
- 3. **Tea pot infusers and handles:** Dishwasher safe, but hand washing is recommended. Rinse immediately after use to remove tea leaves, and wash as soon as possible. Avoid using harsh cleaning agents. Dry immediately after washing and store in a dry place.

PROFESSIONAL WEBSITE: COSTANOVAPROFESSIONAL.COM

Discover our exclusive website for the hospitality sector. Hotels, restaurants, cafés, and catering companies can easily browse and request quotes for COSTA NOVA's tabletop solutions.

Features included

- Wishlist: Allows users to request quotes through a simple form.
- **Product Filters**: Narrow down the product portfolio by selecting attributes such as shape, size, capacity, color, and material.
- **Sensory Experiences**: Explore dining concepts and tabletop presentations through a dedicated menu.
- **Inspiration**: Discover hotels and restaurants that have selected our products for their table settings.
- **Blog**: Stay updated on the latest news, product launches, upcoming shows, and trends.
- **Brochures**: Access detailed information, including technical specifications, catalogs, and project highlights.

The website is optimized for all browsers and mobile devices.

Explore our professional Instagram account **@costanovaprofessional**, where we highlight a selection of hotels and restaurants that have chosen COSTA NOVA for their tabletop solutions

B2B PLATFORM: PRO.COSTANOVA.PT

Create your account to access our B2B e-Shop, where you can conveniently order products anytime, anywhere, and from any device. Request your login via the access form available at www.costanova.com.

MEDIA BOX

We created Media Box Professional specifically for our hospitality clients. This platform provides access to sales and product guides, high-quality images, product suggestions, catalogs, and detailed information about COSTA NOVA.
